Chittoor Dy Cr No 463/380 & 25/1/90

Mysore Dy Cr No 59 & 18/4/90

& Connected Papers

The papers relate to the amelioration of the Sheikdars' Service

The Dewan is of opinion that a general improvement of status pay & qualifications of Sheikdars & definition of their duties are necessary & has directed the submission of these papers & has invited from Persons of such an amelioration were held out in the Dewan's last Darbar Speech -

Action on the report is awaited.

[illegible]
4/Nov/90

P.T.O.

In Madras, the Revenue Inspectors who occupy the position of Sheikdars have get-30, 25 & 20 Rs. Their salaries are considered inadequate, & a proposal for increasing their salaries is under consideration. — Over Sheikdars get only 20, 15 & 10 — The salaries are miserable & it is simply impossible to get honest & good men for those salaries. —

2. I have no idea of the extent of the Ranges of our Sheikdars. — I think a Sheikdar can well manage 30 villages within a radius of 10 or 15 miles. — We must redistribute the ranges accordingly. — I shall be glad if a map can be prepared showing the existing ranges, their population, Revenue & area of cultivation, & the Ranges which the Dy Comrs may propose. — Probably we can reduce the existing number considerably. —

3. I quite agree that each Sheikdar should be compelled to keep a pony, & a horse allowance of Rs 8 allowed to each.

4 As regards P.T.O.

their salaries, I am
of opinion that we
should have 3 classes.
one fourth of the members
might be in class, half
in second class & half
in the 3d — the 1st
class man should get
25 + 8, the 2d class man
20 + 8, & the 3d class
15 + 8. any thing less
would be too little. —

5. A set of rules should
then also have to be
drawn up, & each of them
should be allowed 2
persons. one person would
not all be enough. —

6. I am unable to
calculate the financial
effect, but the increased
cost cannot be much if
a proper re-distribution
may be made. —

7. I think that the 1st
& 2d class Sheikdars should
be compelled to pass the
tests prescribed for a Dy Collr
& we may prescribe a lighter
test for the 3d class. —
Sheikdars are in fact Petty
Collrs, & should all of them
ought to pass the Dy Collrs
test, but I do not prescribe it
for the 3d class, as the salary
proposed for them is too small

by Head Salaries
can be fixed as
30, 25 & 20 rupees
& 25, 20 & 15, I would
prescribe a uniform
test for all. —

by Calculated
by 5190

We have 4533 populated
villages in the whole
Province, & each
Sheikdar in the
1st 30 villages, we
should require 483 Sheikdars,
but if the villages are large
we may even give 50
villages to each.

Memo. w/r for the Dewan's orders.

Letter no $\frac{413}{380}$ of 25 Jany 1890 from the Dy Commr Chitteldrug - & no 888 of 30 Jan 90 from the Dy Commr Mysore —

In the above letters the Dy Commrs Chitteldrug recommend the increase of Rs 3 a month to sheikdars in Davanagere Taluk & the Dy Commr of Mysore recommends an increase of 5 Rs & the fixing of the 3rd rate of Sheikdars.

2. Govt recognize the necessity for ameliorating the condition of sheikdars and its views was given expression to in the Dewan's speech at last meeting of the Mysore Representative Assembly.

3 It is therefore expedient to consider the matter for the Province as a whole.

6/2 4 There are now 459 sheikdars in the province divided into three classes and distributed among the 8 Districts as follows:

	Number in 1st Cl on 20 Rs	Number in 2nd Cl on 15 Rs	Number in 3rd Cl on 10 Rs	Total number
Bangalore	13	23	39	75
Kolar	19	64	"	63
Tumkur	15	22	29	66
Mysore	20	46	34	100
Hassan	15	30	2	47
Shimoga	13	22	9	44
Kadur	21	5	6	32
Chitteldrug	7	21	4	32
	123	213	123	459

There must be latitude for deduction of the number. In some few cases a re-

distribution maybe effected - Thus
may be left to the Offrs & Subahs

5 The first point which requires attention
is the pay of the 3rd class of Sheikdars viz 10 Rs -
This is too little - There is no doubt that
this rate should be abolished and the
men in that rate promoted to the second
or 15 Rs a month - The financial effect
of this will be an increase of (123 × 5 =)
Rs 615 per mensem or Rs 7380 per annum -
If ordered to take effect from the 1st instant
(July) the extra charge for the current year
would be only (123 × 5 × 2 =) 1230 ~~Rs for three~~

6 It is a question whether there
should not be a grade on Rs 25 - But if a horse
allowance be granted, this may for
the present be left out -

7 The next point is the question of horse
allowance - The duties which devolve on
Sheikdars have increased in quantity
as well as in quality and a Sheikdar
to be efficient must maintain a pony -
Police Duffedars are allowed horse allowances
& there is no reason why Sheikdars should not
be similarly allowed also - The former may
have more rapid marches to undertake, but
the latter has more need for frequent
circuits - It seems highly desirable
to sanction a horse allowance and make
it obligatory on every Sheikdar to keep a
pony & certify to that effect every time

the allowance is thereon, the Certificate being Countersigned by the Guardian - The rate (5 Rs) mentioned in the Chittledroog Dispatch may be considered too low - A rate of 8 Rs for Maidan Talukas, and 10 Rs for Malnad ~~Talukas~~ Hobleis may be Considered appropriate - What Hobleis are Malnad & what Maidan will have to be declared after Consultation with Dy Commrs - Meanwhile a temporary rate of Rs may be ordered - To take effect at once in the case of those who have kept Pomes and in other cases to take effect from the time Pomes are acquired and kept to be maintained - It seems may be given that all Sheikdars shall provide themselves with Pomes before the End of June next - The financial effect of this would be an extra charge of 459 x 6 = 2754 Rs per mensem or #33048 per annum - It will be a little more when the higher rate for Malnad Hobleis is allowed -

8 A good useful & experienced Sheikdar will have acquired practical Experience and Knowledge of men & things which may be invaluable in higher Posts - To advise this, & also to encourage good service, it seems due, that the post Talukh Sheristedar should be within their reach - It may be declared that every 5th vacancy in a Talukh shall be reserved for Promotion of a competent Sheikdar

who has distinguished himself in the same or other Districts

9 These measures if sanctioned will go far to preserve the confidence of Shareholders and will be adopted as much as may fairly be done at once

10 To prevent incompetent men entering or remaining in the line it will be necessary to lay down that an intimate knowledge of

the Revenue Code
the system of Shareholders' accounts
the Village map so as to be able to identify lands (by the map and boundary marks and other features on them) is an essential qualification for Shareholder and ability to measure lands.

No new man should be appointed, or appointed on probation confirmed unless he is tested & found qualified, and all Shareholders already in the service should be directed to qualify themselves within a time to be fixed, say a period of 6 or 8 months -

Allo 5 Feb 90

Since writing the above Mr Keeble's letter No 8888 of 31st Dec has been brought to my notice & is put up in the file - It supports fully the views above

Allo 5/2/90

11 The Shareholders Magazine is somewhat

Similar to a Revenue Inspector in the Madras Presy and is a sort of factotum of the Amildar - He has to attend in the first instance to the collection of the Revenue, by touching up backward Shanbhogs & Patels - He serves notices of demand and effects attachments of property for realising arrears of Revenue. He sells property moveable & immoveable - His action in this respect in most districts is restricted to cases in which the arrears are 50 Rs or less - He also holds Sales of petty items of miscellaneous revenue such as occasional huthanni, nirayi &c - He attends to the planting and maintaining of avenue trees - He supervises the work which has been done by cmt Dept officers or by ryots to tanks & channels - He helps the tank Inspector and Executive Engineer. He attends to the supply of Salt bullocks and other Requirements much to the petty annoyance of the Cantonment Requirements also such as carts &c - He assists actively in checking the Shanbhogs' pahani and upon his report encroachments and unauthorised cultivation generally - He conducts also local enquiries

inquiries connected with Revenue matters such as Rent & Repair inspection Parkhats, Cazianas Irrigation Channels in Khates, or & Restraining Wandal trees on occupied lands &c. He is required to attend to the Equitable distribution of water from Tank & River Channel Sluices wherever disputes or Rupee cultivation exist.

12 Sheikdars often maintain horses. Often who they do not?

13 They are generally allowed one peon or two peons from the Taluk Establishment.

14 I am not aware that any definite qualifications for the post Sheikdar have been laid down; but activity, literary attainments, and powers of "management" have generally been looked for in competent men - latterly and with the progress of the Settlement it has been ordered that a knowledge of surveying and plotting is an essential qualification for the Sirkar pay that holds in Revenue places it is proposed to grant Inam Sirkar pay.

15 Sheikdars' Charges may

Be Examined and Rents of the Ryots & Decide Disputes held by Patels -

GOVERNMENT OF MYSORE

My dear Srinivas Iyer

I did consider
about the Deputy Cos
of Kadur Shimoga
& Hassan - I omitted
their names as there
were others who knew
their Districts & with them
the number would
be too large - But
I was not quite decided
the omission will perhaps

be misunderstood
and your suggestion
also is in favour of
their inclusion. Please
add them also.
I do not think that Col
Grant need be troubled
about this.

Yours very sincerely
Rudolf Chadwick

Shekdars Service

However much each Dy Comr may benefit by having it seems desirable that in an important matter like the recruitment of Shekdar service there should be Combined consultation and action for securing uniformity of system and the arrangement of details. To all the Dy Comrs are expected to meet in Mysore during the Dassera & there a committee of officers may be appointed to consider this subject and submit a carefully drawn up proposals for the final consideration and sanction of Govt. The points which the Dy Comrs committee may consider are

(1). The duties which the Shekdars have to perform.

(2). Their pay & allowances

(3). The division of talups into Hobles

(4) The prescribing

of a qualifying test
for the appointment
(5) such other matters
having a bearing
thereon as the committee
would wish to bring
to the notice of Govt.

The committee may
be as follows:-

Mr. Ananda Rai
Chairman

Members

1. Mr Rangaswamy Kolar
Zonal
2. Mr ~~Kadaiah~~ Venkata Bapu
Vardhan
3. Mr. Madiah Mysore
4. Mr M. Narayanaswamy Mandya
5. Mr M. S. Narayanaswamy Chitaldrug

The committee may
be instructed to submit
submit their report
before the end of October
next.

Dy: Commissioner's Office,
Mysore District,

Dated Mysore 30th January 1890

(2)

From,

G. F. Mirklejohn Esquire
Deputy Commissioner

To,

The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to draw the attention of Government that, as will be seen from the statement given in the margin, there are employed in the District 100 Shékdars, out of which no fewer than 34 are 3d. Class Shékdars drawing only Rs 10 a month.

	1st	2d.	3d.	Total
1. Mysore	1	4	3	8
2. Chamarajnagar	2	4	2	8
3. Hunsur	2	6	2	10
4. Yedatore	2	2	3	7
5 Heggaddevankote	"	"	5	5
6. Gundlupet	1	2	3	6
7. Nanjangud	1	2	6	9
8. T. Narsipur	2	3	2	7
9. Seringapatam	3	4	3	10
10. Mandya	2	8	4	14
11. Malvalli	1	3	3	7
12. Attikuppa	2	4	"	6
13. Nagamangala	1	4	"	5
Temple Shekdars	20	46	34	100
				2
				102

2. I would submit that Rs 10 a month, tho' probably a fair average salary in days gone by, is too small a pittance now-a-days, with the increased cost of living for an official to support himself and family honestly.

3. The Shékdars duties are onerous and responsible ones and they are exposed to a good deal of temptation. I would beg, therefore, that sanction may be kindly accorded to the abolition of the 3d. grade of Shékdars in the

Mysore District from the end of the official year and the raising of those officials now in the 3d. Grade to the 2d. viz from 10 to Rs 15.

4. I also intend to send all the Sheikdars in rotation for a period of 3 to 6 months each to be attached to the Survey parties now working in this District, to learn a little measuring and plotting, and would suggest that those who fail to pass a very simple examination thereafter in this, should be removed from Government service.

I have the honor to be,
Sir,
Your most obedt Servant,

W Cumming Lt
for Dy Commissioner
Mysore District

WM

Revenue Office
Proceedings
Circulating proposal to Dept.

Circulating proposal papers on the subject of improving the Shikdars Service in Mysore.

1
13 (4)

No. 12257-64 dt 6-2-91
Cir 253

Official Memorandum.

The annexed papers on the subject of improving the Shékdars' service in Mysore, are circulated to Deputy Commissioners of Districts for their consideration and suggestions on the various points raised.

2. Deputy Commissioners are requested to submit maps of the Taluks comprised in their Districts, with existing Shékdars' ranges marked thereon by a distinct color (say red). Statements accompanying should ~~be annexed to~~ them showing for each range its population, and

a horse allowance of
5 Rs: a month to Sheik-
dars in Davengeré
Taluk, and the Deputy
Commissioner of
Mysore recommends
an increase of 5 Rs
to the pay of the 3rd
grade of Shaikdars.

2 Government
recognise the neces-
sity for ameliorating
the Condition of
Sheikdars and its
view was given expression
to in the Dewan's
speech at last meeting
of the Dasara Represent-
ative Assembly.

3. It is therefore
expedient to Consider
the matter for the
Province

6. It is a question whether there should not be a grade on Rs. 25. But if a horse allowance be granted, this may, for the present, be left out.

7. The next point is the question of horse allowance - The duties which devolve on Sheikdars have increased in quantity as well as in quality; and a Sheikdar to be efficient, must maintain a pony Police Jamedars & Daffedars are allowed horse allowances and there is no reason why Sheikdars should not be similarly allowed also - The former ~~may~~ indeed have more rapid marches

to undertake, but the
latter ~~have no~~ have need
for more frequent
Circuits - It seems
highly expedient to
sanction a horse allow-
-ance, and make it
obligatory on Every
Sheikdar to Keep a
pony and certify to
that Effect Every time
the allowance is drawn,
the certificate being
Countersigned by the
Amildar - The rate
(5 Rs) mentioned in
the Chuttedro of Deputy
Commissioner's letter
may be considered
too Low - A rate of
6 Rs for maidan
~~Tattus~~ Hobbies and 7 or 8 Rs
for

for Malwad Hobbies may be considered appropriate. What hobbies are Malwad and what Maidan, will have to be declared after Consultation with Deputy Commissioners. Meanwhile a uniform rate of 6 Rs may be ordered - to take effect at once in the case of those who have kept ponies and in other cases to take effect from the time ponies are acquired and begun to be maintained. A warning may be given that all ~~Sheikdars~~ shall provide themselves with ponies before say the ~~end of three or four months~~ next. The financial

effect

effect of this would be an extra charge of 459 × 6 = 2754 Rs per mensem or Rs. 33,048 per annum - It will be a little more than the higher rate for Malwad talukas is allowed.

8. A good useful and experienced Sheikdar will have acquired practical experience and knowledge of men and their ways & of revenue work which would be valuable in higher offices - To utilise this, and also to encourage good service, it seems to me, that the post of Taluk Heristadar should

time to be fixed, say a period of 6 or 8 months.

11. The Sheikdar in Mysore is somewhat similar to a Revenue Inspector in the Madras Presidency and is a sort of factotum of the Amildar. He has to attend, in the first instance, to the collection of the Revenue, by touching up backward Shanbogues and Patels. He serves notices of demand and effects attachments of property for realising arrears of revenue. He sells property moveable & immoveable. His action in this respect in most Districts is restricted to cases in which the arrears are 50 Rs or less - He also holds sales of petty items of miscellaneous revenue, such as occasional

kulbanni

kulkarni, amraji &c.a.
He attends to the planting
and maintaining of avenue
trees - He supervises the
work which as to be done
by Civil department Officers
or by ryots to tanks and
channels - He helps the
Tank Inspector and Vaccin-
-ator. He attends to the
supply of dawk bullocks
and when Regiments march,
to the supply of provisions
and other Camp requisi-
-ments also, such as Carts
&c.a - He assists at Jama-
-bandy, in checking the
Shanbogues Pahani, and
reporting upon encroach-
-ments and unauthorised
cultivation generally -
He conducts also local
preliminary inquiries
connected with Revenue

matters.

matters, such as examining and reporting upon dur- Khasts, razinamas, mutation of names in Khatés, &c., destruction of sandal trees on occupied lands &c. He examines and sends up the Births & Death Registers kept by Patéls. He is required to attend to the equitable distribution of water from Tank and river channel sluices, whenever disputes or difficulties arise.

12. Sheikdars often maintain ponies. Often also they do not.

13. They are generally allowed one peon or two peons from the Taluk establishment.

14. I am not aware that any definite qualification for the post of Sheikdar have

have been laid down; but activity; literary attainments, and powers of "management" have generally been looked for in competent men - latterly, and with the progress of the Survey Settlement, it has been ordered that a knowledge of surveying and plotting is an essential qualification. But for the low pay that holds in several places, it is difficult to find men so qualified.

15. Sheikdars' charges vary in different districts and with local circumstances. In some parts of the Mysore District for instance, these are capable of reversion

3. I quite agree that each Shaikdar should be compelled to keep a pony and a horse allowance of Rs. 8 allowed to each.

4. As regards their salaries; I am of opinion that we should have 3 classes. One fourth of the number may be 1st Class, half in 2nd Class and half in the 3rd. The 1st Class man should get 25+8, the 2nd Class man 20+8, and the 3rd Class 15+8. Anything less would be too little.

5. A set of rules showing their duties should be drawn up, and each of them should be allowed 2 peons. One peon would not at all be enough.

6. I am unable to calculate the financial effect

effect, but the increased cost cannot be much, if a proper re-distribution of ranges be made. If their salaries can be fixed at 30, 25 & 20 instead of 25, 20 and 15, I would prescribe a uniform test for all.

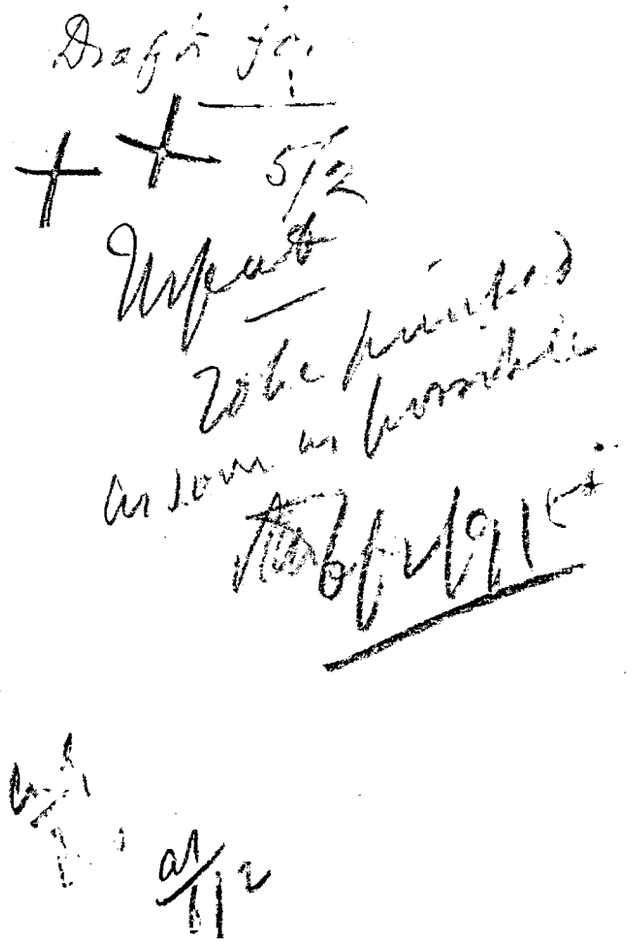
7. I think that the 1st & 2d Class Sheikdars should be compelled to pass the tests prescribed for a Deputy Amildar and we may prescribe a lighter test for the 3d class. Sheikdars are in fact Petty Amildars, and strictly all of them ought to pass the Deputy Amildars' test, but I do not prescribe it for the 3d Class, as the salary proposed for them

is too small -

We have 14,533 populated villages in the whole Province, and if each Sheikdar is to have 30 villages, we shall require 483 Sheikdars, but if the villages are close; we may even give 50 villages to each.

(Signed) P. Chentsal Rau.

6th July 1890.



Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 6th February 1891.

OFFICIAL MEMORANDUM.

No. 12257-64—Cir. 253, dated 6th February 1891.

The annexed papers on the subject of improving the Shekdars' service in Mysore, are circulated to Deputy Commissioners of Districts for their consideration and suggestions on the various points raised.

2. Deputy Commissioners are requested to submit maps of the Taluks comprised in their Districts, with existing Shekdars' ranges marked thereon by a distinct color (say red). Statement should accompany them showing for each range its population, land revenue (including cesses), cultivated area and number of villages, Government and alienated, asli, dakhla and coffee estates separately measured. Where Taluks are surveyed and settled, Revenue Survey Taluk maps should be used. In other cases, spare copies of Topo sheets should be adopted. The ranges which the Deputy Commissioners would propose should also be indicated on these maps with a different color (say yellow) and statements should be submitted, furnishing for them the same information as that above called for, for existing ranges.

3. An early reply is requested.

By Order,
T. ANANDA ROW,
Chief Secretary.

MEMO.

Letter No. 413—380, dated 23rd January 1890, from the Deputy Commissioner of Chitaldroog and No. 888, dated 30th January 1890, from the Deputy Commissioner, Mysore.

In the above letters, the Deputy Commissioner, Chitaldroog, recommends a horse allowance of Rs. 5 a month to Shekdars in Davangere Taluk, and the Deputy Commissioner of Mysore recommends an increase of Rs. 5 to the pay of the 3rd Grade of Shekdars.

2. Government recognize the necessity for ameliorating the condition of Shekdars and its view was given expression to in the Dewan's Speech at last meeting of the Dasara Representative Assembly.

3. It is therefore expedient to consider the matter for the Province as a whole.

4. There are now 459 Shekdars in the Province, divided into three classes and distributed among the 8 Districts as follows :—

	Number in 1st Class on Rs. 20.	Number in 2nd Class on Rs. 15.	Number in 3rd Class on Rs. 10.	Total Number.
Bangalore	13	23	39	75
Kolar	19	44	...	63
Tumkur	15	22	29	66
Mysore	20	46	34	100
Hassan	15	30	2	47
Shimoga	13	22	9	44
Kadur	21	5	6	32
Chitaldroog	7	21	4	32
	123	213	123	459

There must be little scope for reduction of the number. In some rare cases a re-distribution may be expedient. This may be left to the Deputy Commissioners to originate.

5. The first point which requires attention is, the pay of the 3rd Class of Shekdars, *viz.*, Rs 10. This is too little. There is no doubt that this grade should be abolished, and the men in that grade promoted to the second on Rs. 15 a month. The financial effect of this will be an increase of $(123 \times 5) = $Rs. 615 per mensem or Rs. 7,380 per annum.

6. It is a question whether there should not be a grade on Rs. 25. But if a horse allowance be granted, this may for the present, be left out.

7. The next point is the question of horse allowance. The duties which devolve on Shekdars have increased in quantity as well as in quality, and a Shekdar to be efficient, must maintain a pony. Police Jamadars and Dafadars are allowed horse allowances and there is no reason why Shekdars should not be similarly allowed also. The former indeed have more rapid marches to undertake, but the latter have need for more frequent circuits. It seems highly expedient to sanction a horse allowance, and make it obligatory on every Shekdar to keep a pony and certify to that effect every time the allowance is drawn, the certificate being countersigned by the Amildar. The rate (Rs. 5) mentioned in the Chitaldroog Deputy Commissioner's letter may be considered too low. A rate of Rs. 6 for Maidan Hoblis and Rs. 7 or 8 for Malnad Hoblis may be considered appropriate. What hoblis are Malnad and what Maidan, will have to be declared after consultation with Deputy Commissioners. Meanwhile, a uniform rate of Rs. 6 may be ordered, to take effect at once in the case of those who have kept ponies and in other cases to take effect from the time ponies are acquired and begun to be maintained. A warning may be given that all Shekdars shall provide themselves with ponies before say, the next three or four months. The financial effect of this would be an extra charge of Rs. $459 \times 6 = 2{,}754$ per mensem or Rs. 33,048 per annum. It will be a little more when the higher rate for Malnad Hoblis is allowed.

8. A good, useful and experienced Shekdar will have acquired practical experience and knowledge of men and their ways and of revenue work which would be valuable in higher offices. To utilise this, and also to encourage good service, it seems to me, that the post of Taluk Sheristadar should be within their reach. It may be declared that every 3rd or 4th vacancy in a District shall be reserved for and given to a competent Shekdar who has distinguished himself in the same or other Districts.

9. These measures, if sanctioned, will go far to improve the condition of Shekdars and will be about as much as may fairly be done at once.

10. To prevent incompetent men entering or remaining in the line, it will be necessary to lay down that an intimate knowledge of—

the Revenue Code,
the system of Shanbhog's Accounts,
the village map so as to be able to identify lands and boundary marks and other features on them by the map,

is an essential qualification for Shekdar together with ability to measure lands. No new man should be appointed, or, if appointed on probation, confirmed unless he is tested and found qualified as above and all Shekdars already in the service should be directed to qualify themselves within a time to be fixed, say a period of 6 or 8 months.

11. The Shekdar in Mysore is somewhat similar to a Revenue Inspector in the Madras Presidency and is a sort of factotum of the Amildar. He has to attend, in the first instance, to the collection of the revenue, by touching up backward Shanbhogs and Patels. He serves notices of demand and effects attachments of property for realizing arrears of revenue. He sells property, movable and immovable. His action in this respect in most Districts is restricted to cases in which the arrears are Rs. 50 or less. He also holds sales of petty items of miscellaneous revenue, such as occasional hulbanni, amarayi, &c. He attends to the planting and maintaining of avenue trees. He supervises the work which has to be done by civil department officers or by raiyats to tanks and channels. He helps the Tank Inspector and Vaccinator. He attends to the supply of dawk bullocks and when Regiments march, to the supply of provisions and other Camp requirements also, such as carts, &c. He assists at jamabandi in checking the Shanbhog's Pahani, and reporting upon encroachments and unauthorized cultivation generally. He conducts also local preliminary inquiries connected with revenue matters, such as examining and reporting upon darkhasts, razinamas, mutation of names in Khates, &c., destruction of sandal trees on occupied lands, &c. He examines and sends up the Birth and Death Registers kept by Patels. He is required to attend to the equitable distribution of water from tank and river channel sluices, whenever disputes or difficulties arise.

12. Shekdars often maintain ponies. Often also they do not.

13. They are generally allowed one peon or two peons from the Taluk establishment.

14. I am not aware that any definite qualifications for the post of Shekdar have been laid down; but activity, literary attainments and powers of "management" have generally been looked for in competent men. Latterly, and with the progress of the Survey Settlement, it has been ordered that a knowledge of surveying and plotting is an essential qualification. But for the low pay that holds in several places, it is difficult to find men so qualified.

15. Shekdars' charges vary in different Districts and with local circumstances. In some parts of the Mysore District for instance, these are capable of revision and re-arrangement. But such cases will, it is believed, be few in the whole Province, and in any case, it is not likely that the total number of Shekdars' charges is capable of great reduction.

4th June 1890.

T. ANANDA ROW,
Chief Secretary.

In Madras, the Revenue Inspectors who occupy the position of Shekdars here, get Rs. 30, 25 and 20. These salaries are considered inadequate, and a proposal for raising their salaries is under consideration. Our Shekdars get only Rs. 20, 15 and 10. The salaries are miserable and it is simply impossible to get honest and good men for those salaries.

2. I have no idea of the extent of the ranges of our Shekdars. I think a Shekdar can well manage 30 villages within a radius of 10 or 15 miles. We must redistribute the ranges accordingly. I shall be glad if a map can be prepared, showing the existing ranges, their population, revenue and area of cultivation, and the ranges which the Deputy Commissioners may propose. Probably we can reduce the existing numbers considerably.

3. I quite agree that each Shekdar should be compelled to keep a pony and a horse allowance of Rs. 8 allowed to each.

4. As regards their salaries, I am of opinion that we should have 3 classes. One-fourth of the number may be 1st Class, half in 2nd Class and half in the 3rd. The 1st Class man should get Rs. 25+8, the 2nd Class man Rs. 20+8, and the 3rd Class Rs. 15+8. Anything less would be too little.

5. A set of rules showing their duties should be drawn up, and each of them should be allowed 2 peons. One peon would not at all be enough.

6. I am unable to calculate the financial effect; but the increased cost cannot be much, if a proper re-distribution of ranges be made. If their salaries can be fixed at Rs. 30, 25 and 20 instead of Rs. 25, 20 and 15, I would prescribe a uniform test for all.

7. I think that the 1st and 2nd Class Shekdars should be compelled to pass the tests prescribed for a Deputy Amildar and we may prescribe a lighter test for the 3rd Class. Shekdars are in fact petty Amildars, and strictly *all* of them ought to pass the Deputy Amildar's test, but I do not prescribe it for the 3rd Class, as the salary proposed for them is too small.

We have 14,533 populated villages in the whole Province, and if each Shekdar is to have 30 villages, we shall require 483 Shekdars, but if the villages are close we may even give 50 villages to each.

P. CHENTSAL RAO.

General No.

D No. 507.

Submits opinion in regard to the improvement of the Sheikdars Service in Mysore.

C Mackenzie
Dy Com
Bangalore

area of 8500 acres and Land Revenue of about 1800 Rs: may not be beyond such an Officers power to control.

1800 Rs might be more.

5. Under this assumption, each Taluk would have, on an average, about 7 Hobles, instead of a little over 8 Hobles, as at present.

6. The present cost of the Shikdari establishment is as follows.

13	Sheikdars 1st Class on	20 Rs:	260.
22	" 2nd "	15 Rs:	330.
40	" 3rd "	10 Rs:	400.
75.			
	2 peons for each Sheikdar @ 5 Rs: each		750.
	Total present cost		Rs: 1.740.

7. Redistributed as above proposed, there will be.

9	Sheikdars of 1st Grade on	30 Rs:	270.
18	" 2nd "	25 Rs:	450.
36	" 3rd "	20 Rs:	720.
63.			
	2 peons each @ 5 Rs: (26 × 5)		630.
	Rs:		2,070

8. I would allow, in addition,

a pony allowance of 5 Rs: per Maidan and 10 Rs: for Mahad Hobli. As this District consists of 9 Maidan Talukas, the Sheikdar's pony allowance will cost (63 × 5) —— Rs 315.

Total proposed cost would then be 2385.
Deducting present cost of 1,740.

The net increase will be Rs: 645. per month, or Rs: 7,740 per annum for this District.

9. If this additional cost is considered excessive, the average number per Taluk may be further reduced to 6, when the net increase would be Rs: 330/. or Rs: 3,960/. per annum.

10. I do not think any greater reduction advisable, as it might impair the efficiency of this branch of the Taluk service.

11. I would insist on all candidates for Sheikdari, passing the Amildar's Test, Revenue Branch (there is no separate test for Deputy Amildars) and obtaining

a certificate of qualification in Revenue Survey.

12. The present men should not get the benefit of the new scale until they have qualified as above, but the pony allowance may be granted to them, at once, on production of a certificate from the Builder, that they have maintained ponies.

13. Even if there should be any delay in, or objection to introducing the new scale, I would abolish the last grade on 10 Rs. and keep only 2 grades on Rs: 20/. and 15/.

Respectfully.

I have the honor to be
Sir,
Your most Obedient Servant.

M. Madhava Rao
Deputy Commissioner

No. 539.

Encls: 5 statements
& 1 map

To,

The Chief Secretary
to the Government of Mysore.

Sir,

1.— I have the honor to submit herewith, as required in Government Proceedings No. 12257-64 / Rev: 253 dated 6th February last, the Maps of the Taluks attached to this District, duly marking therein the ranges of Shekdars as they now exist, and the ranges which I propose to be made hereafter.

will follow.

2.— As the ranges marked in some of the Taluk Maps are not clearly defined and as some of the Taluk Maps are not revised according to the boundaries of Taluks as re arranged in 1882, I have submitted herewith a Sketch Map for the District containing all the Taluks. In this the ranges existing and the ranges proposed are clearly indicated.

*6.
one for Koppa Taluk will follow.

3.— A Statement shewing the population and other particulars of the

present and proposed ranges also accom-
panies

4.— It will be observed that I have not disturbed the existing ranges of Shek-dars to any material extent. Some of the ranges of Shekdars in the Haviri and Savikere Taluks are proposed to be slightly altered in order to make them more uni-form as to area and revenue.

5.— No changes are proposed for the Chikmaglur Taluk but the Jagar Magani should have a Pukka Shek-dar instead of a Shekdar remunera-ted as now by Postal Postgi. This has been a subject of correspondence for some time past.

6.— The only change in the Koppa Taluk is in the Belre and Hoskere Hobli, and is proposed with a view to re-medy the present semi detached posi-tion of the Hoskere Hobli.

7.— It is proposed to have 3 Hobli

for the Yedehalli Sub Taluk, instead of two as heretofore, on the ground of the work being more than can be ma: =naged by 2 Shekdars with proper re =gard to the interests of Govern ment and the welfare of the people.

8.— I have not disturbed the ranges of Shekdars in the Mudigere Taluk.

9.— As regards the pay of Shekdars, I would propose 3 grades on Rs. 25, 20 and 15, instead of as at present 20, 15, 10.

In addition to the pay attached to each grade a horse allowance of Rs 6/- in the Maidan and Rs 8/- in the Malnad should be granted on the understand =ing that ponies are maintained in good and efficient condition.

10.— The duties of Shekdars are generally those detailed in para 11 of Mr. Ananda Rao's Memorandum.

To perform such duties efficiently they should have a Knowledge of

1. The Revenue Code and Rules.
2. Preparation and Examination of Village Accounts.

3. Surveying calculating areas and mapping

4. Framing Estimates for small works, buildings and irrigation

11.— Qualified men tempted by fair pay to enter the Shetkdar Service, or Shetkdars now in the service who may qualify, will make excellent Taluk Sheristedars and eventually Amildars.

12.— It is exactly the training and experience acquired by a Shetkdar in his Hobby which makes a valuable Amildar

13.— An Amildar who has had such a training can, in all Revenue matters stand alone and hold his own - On the other hand when otherwise deserving men but who have no practical knowledge of Taluk work, are appointed as Amildars, they will obtain much assistance from and be saved from many mistakes by the good Shetkdar of the proposed improved Service.

(9)

To.

The Chief Secretary
to the Dewan of Mysore.

Sir,

(4)

With reference to your Official Memorandum No 12257-64 cir: 253. dated the 6th February 1891 on the subject of improving the Shekdar's Service, I have the honor to state that the step contemplated is a most desirable one.

2. There are at present two grades of Shekdars in this District on Rs 20 and 15 respectively and the existing staff is composed mostly of members of the old school, the appointment being far from coveted by the more intelligent and educated part of the public on account of the low pay it carries with it, which is incommensurate with the importance of the work expected of this class of officials and the responsibilities attached to their office.

3. It is perhaps a matter of time

time to remodel the present system to the fullest extent desirable as it has been in existence for a large number of years but an attempt in this direction may successfully be made by a revision of the grades with a view to render the appointments attractive not only as more lucrative in themselves but also as being stepping stones to higher posts, such as a Taluq Sheristedari in cases of distinguished service in the first grade.

4. I would accordingly beg to propose three grades of Shekdars, the 1st on Rs 25, the 2nd on Rs 20 and the 3rd on Rs 15 per mensem and as the maintenance of a pony is a sine quânon of the office of every Shekdar whose multifarious duties require him to move about constantly, I would recommend the payment of a uniform rate of horse allowance, say, Rs 8 to each Shekdar on the production of the usual certificate countersigned by his Amildar.

5. The above arrangement will I think put the Shekdar's scheme on a far better footing than at present and will greatly facilitate the drafting of

of more competent men into this branch of the Service.

6. One fourth of the number of Shekdars may be of the 1st class and the remainder distributed equally between the 2nd and 3rd classes.

7. The duties devolving on every Shekdar being in their nature equally responsible and onerous, a uniform examination may be prescribed without reference to the grades and all new nominees selected from amongst passed candidates or in special cases appointed on probation subject to passing the same. No exception in the case of a 3rd class Shekdar seems necessary as he has a chance of rising to the higher grades as vacancies occur in them.

8. This test may be fixed at a standard lower than that prescribed for an Amildar or Deputy Amildar.

9. A close acquaintance with the Revenue Code and Rules, the system of Shanbhoge's accounts and the village map so as to be able to identify lands and boundary marks

marks and other features on them by the map together with ability to measure and subdivide lands is a most essential qualification for Shekdars as observed by you in para 10 of your memorandum under reply.

10. The present incumbents may also be required to pass the examination within a given time and their promotion to the higher grade stopped till they do so.

11. I herewith submit a statement shewing side by side the existing and proposed Shekdars' Ranges with a map for each Taluq on which they are marked by distinct colours (Red and blue respectively)

12. It will be observed that there are at present 63 Hoblies in the District of which the largest in size comprises 110 villages with a land revenue (including Cesses) of Rs 43,836 and the smallest 24 villages with a revenue of Rs 14,079.

13. The smallest Hobli in point of revenue alone though not in respect of the number of villages has a land revenue of Rs 7428. The average number of villages for a Hobli as now constituted

Constituted is 72 and the average revenue Rs 19,336.

14. In the redistribution of the Ranges it is proposed to abolish 7 Hoblies and attach their villages to the adjoining Hoblies.

15. The number of Hoblies will under the proposed scheme be reduced to 56 of which the largest in size will consist of 120 villages with a revenue of Rs Rs 25,150 and the smallest 44 villages with a revenue of Rs 17,667. The largest in point of revenue alone will have a beriz of Rs 34,370 distributed over 86 villages and the smallest Rs 11,006 with 76 villages..

16. The average number of villages for a Hobli under the proposed arrangement will be 81 and the average revenue Rs 21,753.

17. The re-adjustment of the villages has been made after due consideration of the convenience of the people and the requirements of the Public service.

18. The territorial extent of the Hobli as now proposed does not in my

my opinion admit of any reduction without unnecessarily increasing the number of Shekdars and interfering materially with the basis of an arrangement which seems to have worked well for a long time.

19. If the proposal submitted in my letter No 1616/383* of the 31st August 1891 for the reconstitution of the Srinivaspur Taluq be sanctioned, the scheme now proposed will undergo some slight modifications which may be considered after the question is decided by Government.

* Subd & Chief Secy vide Slip attached

20. The financial effect of the arrangement recommended above would involve a small annual increase of Rs 5540—0—0 as compared with the present cost besides the extra charge on account of horse allowance amounting to Rs 5,376/- per annum as shewn in ~~Below~~ but this additional expenditure seems to be an absolute necessity to secure the required amount of efficiency in the Hobli Administration of the District.

Present					Proposed							
No of Shekdars			Total annual cost		No of Shekdars			Total	Total annual cost	Annual charge on account of Horse allowance at Rs 8 per mensem	Total of columns 9 and 10

encld 3 books with maps
in a separate packet.

(10)

To.

The Chief Secretary to the
Government of Mysore

Sir

With reference to government order No. 12,257-64 of the 6th February 1891 calling for Sir 253 opinion on the proposal to improve the Sheikdars service, I have the honor to submit herewith the survey maps of the Taluks in this District shewing the existing and the proposed Sheikdar ranges (which are marked in red and yellow respectively together with two statements one shewing the population, land revenue &c of the present ranges and the other of the proposed ranges—

2. It will be seen that in the Tumkur Taluk it is proposed to split the large Pergunnah hobly into two. Beside this, some transpers of villages

from one hobly to another are also recom-
mended to make the hoblies more
compact.

3. No change is proposed
in the Maddagiri Taluk nor in the Korti-
gere Sub Division thereof save a few
transfers of villages from one hobly to
another - Nor is any change required
in the Gubbi, Thiekanaikenhalli and
Kunigal Taluks —

4. In the Pavagada Taluk
it is proposed to reduced the no of hoblies
from 7 to 5 as the present ranges are
too small and to transfer the T & D Drs
of Racherloo hobli to Nagalmadike
and call that hobli after the latter
named - It is also proposed to transfer
the Dfs Quarters of Moogdalbetta
hobly to Devarbetta and call it De-
varbetta hobly. The changes proposed
are shewn in the map —

5 In the Tiptur Taluk it is
proposed to reduced the no of hoblies from

9 to 8 and make some transfers of villages from one hobli to another to suit local circumstances—

6. In the Sira Taluk it is proposed to reduce the no. of hoblies from 8 to 6 and the needful transfers of villages are shewn in the map.

7. A list shewing the villages in the proposed hoblies is enclosed for publication if the Government sanction the proposal—

8. While on this subject I may perhaps submit that it is highly desirable to increase the pay of the Sheikdars and allow them horse allowance - Their present pay is so small that it is scarcely possible to expect them to be above suspicion

I have the honor to be
Sir
Your most Obedient Servant

No. 409
Secy

Dy Commissioner's Office,
Hassan District.

Dated Hassan 15th September 19

From,

P. N. Purnaiya Esqre
Dy Commissioner,
Hassan District

To

The Chief Secretary to the
Government of Mysore
Bangalore

Sir,

Adverting to the orders of Government calling for an expression of my opinion on the subject of improving the status of the Shanbhoga service, I have the honor to submit that I consider that whatever tends to enhance the usefulness of Shanbhogs as Government servants will as a matter of course

Course improve their status.
Having this aim in view, I would
endeavour to delegate to the
Shaikdars, all such work of
detail, as would, on the one
hand, enable them to be more
efficient guardians of Govern-
-ment interests, in matters —
which are not sufficiently
scrutinized and noticed at
present, and, on the other hand,
to redress petty grievances of
raiyats and people in General
for which they have now to ap-
-ply to the Amildar. When these
functions appertain to the office
of Shaikdaree, the office holder
i.e. the Shaikdar will necessarily
have to be recognized as
hereditary

possessing sufficient authority
for the proper discharge of his duties.
Where we may now consider him
as not possessing powers for
this purpose, he will have to
be invested with the necessary
authority. When thus, he is looked
upon as serviceable for disposal
of Government executive work in
many important matters of
detail, and at the same time
is looked up to, by the raiyats,
for help in many little matters
concerning their interests, his
prestige will rise, and he will
become more influential than
at present — useful and service-
able at the same time both
to Government and the raiyat.
It is in this way I consider
that

that adequate increase of pay,
and provision for sufficient
menial establishment as justi-
fiable in the proposed scheme
for bettering their Condition.
Mere increase of pay, or mere
increase in their numbers,
without sufficient responsibi-
-lity and power, would in no
way improve matters. Though
not exhaustively, I note below,
the several heads, under which
the Shaikdars may be allowed
to act, taking the initiative
of their own accord. For fear
of lengthening this Communica-
-tion, I will only briefly describe
them viz:—

(1). The Shaikdar shall look
after the proper maintenance
of

of the Survey Bhands and other Boundary marks which may hereafter be erected to denote the subsidiary numbers.

(2). He shall see to the Completion and preservation of road side avenue trees and village topes.-

(3). He shall do all the phoding or breaking up of numbers.

(4). He shall receive Durkasts for lands claped in list A and ispue Sagnvali Chit where there is no Competition.

(5). He shall also report upon Durkasts when he is called upon.

(6). He shall Control the Shan-bogues and get their accounts prepared in time for the Valuk Jamabandi

Jamabandi and shall also superintend the timely and accurate preparation by the Shanbaguas of the Pahanee and Khaneshmaree.

Note — The Shanbaguas Potels and village servants shall consider themselves as amenable to the Control of Shirkar.

(7) He shall frequently inspect all Government works of irrigation such as Tanks and channels and also Government buildings, such as Chavadees and Dhurmsaper-Khanas so as to prevent them from injury.

(8). He shall also inspect the Cattle pounds and examine from time to time

the

the Cattle Pound Registers.

(9). He shall occasionally inspect the District Forest to protect them from unnecessary injury or devastation. He shall also take notice of damage to Sandal trees and report on it.

(10). He shall where convenient also have power to issue licenses for firewood or for bamboos taken from State Forests.—

(11). He shall see to the work of vaccinators in the villages.

(12). He shall hold sales of land, where he is competent, and of dried trees of building sites and of petty fisheries.

(13). He shall take Cognizance of and dispose of all petty disputes regarding distribution of water from Irrigation sources with the aid of Panchayats and shall also prevent the unnecessary wastage of water.

(14) — He shall inspect villages in order to see to their proper sanitation.

(15). He shall take Cognizance of fouling water used for drinking and prevent drinking water reservoirs from pollution.

(16). He shall check and see to the proper levy of Sayer Duty. —

(17). He shall from time to time inspect the Mortuary Registers

Registers kept by Patels.

(18). He shall during the Collection season frequently inspect the villages and get the Shanbagues to properly note payments by raiyats in their Receipt Books and see that every raiyat is given his Receipt Book.

(19). He shall inspect the minor Inamdari institutions and check irregularities.—

(20). He shall issue licenses for date leaves.

(21). He shall frequently inspect the public paths and grounds and protect them from encroachment or occupation.

(22). He shall get the raiyats to execute the Mamool — Salabad Kamagareee to Tanks and to weed the Channels.

(23). He shall conduct the village Kulbanni sales excepting Kanaks, in the prescribed time.- (done by Curnams)

(24). He shall report the appear-ance of epidemics and cattle diseases.

(25). He shall also occasionally inspect toddy groves and prevent mischief.- omitted

2- In order that these several functions may be discharged satisfactorily, it may be necessary to invest them with some small penal powers. For example, there may be no objection, to recognize him as competent to take notice and punish for offences against village sanita-tion, which power Potels will eventually

5

judge the number of Hobbies will have to be increased by seven as noted in the margin.

4— I wish only to add, that the Shaikdar should have Rs 8 on a small pay of Rs 8 to help him in the writing work in addition to the peons who will be allotted to him. With regard to their own pay, I beg respectfully to suggest, that even the last Grade, may not have less than 20 Rs. with the horse allowance of 8 Rupees.—

Dated 20th. September 1892
Camp Shikarpur

No. A. sm. 3 vol. II
Vernacular file as
per index

(14) (9)

To.

The Chief Secretary to the
Dewan of Mysore.

Sir,

With reference to your official Memorandum No. 12257-64 circular 253 dated 6th February 1891, and reminder No. 3947-8 / R. F. 108-92 dated 10th Instant, I have the honor to forward herewith

Sent separately. copies of Taluk maps shewing the existing ranges and those proposed by some of the Amildars.

Vernacular statements of the villages and other particulars required by Government, received from the Taluks with the Amildars reports in original, are submitted as per

Jérist, for reference, if needed, and kind return. A general abstract statement in English is also appended.

2. The Amildars of Shimoga and Sagar report that no changes in the existing Shikdars' charges are necessary.

The Hunsi Deputy Amildar is of opinion that 7 villages of the Hanchalli Hobli should be added to the Hunsi Hobli.

The Channagiri Amildar suggests that 2 villages of the Channagiri Hobli should be joined to the Ubrani Hobli and 16 villages of the Nallur Hobli to the Basavapatna Hobli.

The Tirthalli Amildar proposes that the Hanigeri magani should be transferred to the Agrahar Hobli, and 3 villages of this Hobli to the

6. Judging a Hobli at present, from the number of the Asali villages — (Government and Inam) alone, and excluding altogether the Dakhali villages attached to each Asali village, we find that of the 44 Hoblies we have in the District, only 6 Hoblies have villages not exceeding 30 in each, and only 20 Hoblies not exceeding 50 in each. Out of the remaining 18 — Hoblies, 10 contain villages not exceeding 60, 4, not exceeding 70, 3, not exceeding 80 and one Hobli viz Hyasmûr of Sorab comprises 84 villages (See — Appendix A)

7. We have in all 2017 villages in the District including 74 Inam villages, and giving a Hobli on an average 40 villages, we require 50 Sheristas while we now have only 44.

8. There are from 3 to 299 Dakhali villages in each Hobli in the Malnad Taluks, and from 1 to 20 in Semi-Malnad Taluks, and from 1 to 47 in Maidan Taluks. Only the Nallur Hobli of Channagiri, the Kasaba Hobli of Honnali, and the Hyasnur Hobli of Sorab, have no hamlets, which are so numerous in the Malnad Taluks, specially in the Tirthalli Taluk —

9. I would therefore postpone the revision of the ranges till after the proposed scale is sanctioned, as it has to be made after full enquiry of the local circumstances on the spot, taking into consideration the points set forth in para 5 above.

10. I have no hesitation however to submit that there is no scope whatever for reducing the present

number of Shekdars. I have provided Six Shekdars more in the proposed Scale under the head "Reserve" to be availed of, if absolutely necessary, when the charges are finally decided on. -

As regards the pay of the Shekdars, the Scale of Rs 25, 20 and 15 proposed by the Honorable Mr. Chentsal Rao C. I. E. will do very well. The pay of Rs 10 which the 3rd grade Shekdar at present draws is certainly too — small and should therefore be no longer kept on.

11. The duties of Shekdar are — multifarious, and require for their efficient discharge the maintenance of a pony, without which much travelling, a necessity in their case, cannot be expected. I would propose 3 rates of horse allowance viz Rs 11 for the Maidan, Rs 7 for the Semi-M

and Rs 8 for the Malnad Hobbies of the District. A list of Hobbies classified accordingly is appended. Every Sheikdar should be made to maintain a suitable pony, no exception being allowed.

12. The financial result of the scale with higher pay and horse allowance as proposed above will be as follows:-

Existing Scale.				Proposed scale.							
				Pay.				Horse allowance			
Class.	Number	Rate of pay.	Amount for a year.	Class.	Number	Rate of pay	Amount for a year.	Number of Sheikdars.	Rate of Horse allowance	Amount for a year.	Total amount of the proposed Scale.
1st	13	20	3120	1st	11	25	3,300	25	8	2400	5,700
2d	22	15	3960	2d	17	20	4,080	6	7	504	4,584
3d	9	10	1080	3d	16	15	2880	13	6	936	3,816
				Reserve							
				1st	2	25	600	2	8	192	792
				2d	2	20	480	2	~~7~~ 7	168	648
				3d	2	15	360	2	6	144	504
Total	44	"	8160		50	-	11,700	50	-	4,344	16,044

or Subjects the next year, provided that he passes in the first year in not less than half the number of the subjects.

15 This, I submit, will raise the tone and efficiency of the Service, which is very desirable, may necessary in the present state of affairs -

16 In regard to para 8 of the Chief Secretary's Memo, I agree with Mr. Ananda Rao. B. A in the advisability of declaring that every 3d. or 4th. Vacancy in a District in the post of Taluk Sheristadar should be reserved for and given to a competent Shikdar who has distinguished himself in the same or other Districts

17 Each Shikdar is at present allowed two peons in the District,

– and this number is indispensable.

18. In Conclusion, I beg to embrace this opportunity to suggest that a small book in a clear and concise form, on the duties of Sheikdar containing, under the several heads, the pith of the standing orders, circulars, rules &c, may be compiled and published. It will be of much use to the Sheikdars in mastering the revenue details and doing practical good work in the numerous branches of their duty. The book will be of great help to the new and inexperienced – Amildars as well.

I have the honor to be
Sir,
Your most obedient Servant

Abdul Rahman, Khan Bahadur

Camp No 12 Enc: 14.

Deputy Commissioner's Office
Chulalong district
November
1892.

To

The Chief Secretary to the
Government of Mysore

Sir,

With reference to Govern-
-ment Proceedings No 12257-64
Cir: 253
dated 6th February 1891 calling
for an opinion on the subject of
improving the Shekdars' service
in Mysore, I have the honor to
submit herewith a statement for
each of the Taluks of this district
showing in detail the area, Revenue
and population of the villages of
different hoblies as they at present
stand and also showing the
details of the proposed hoblies -

2. - A Sketch for each Taluk
showing the boundaries of the existing
hoblies marked in red color as well

as those for the proposed hoblies in yellow is also herewith Sub-mitted -

3. - There are at present 32 hoblies in the district as noted in the margin. Though this number is not capable of much reduction, yet I have proposed to abolish 5 hoblies retaining 27 hoblies for the whole district.

Chulalorng	4
Challakera	4
Kunjur	5
Holalkera	6
Davangere	8
Jagalur	3
Molakalmuru	2
	32

4. - Kunjur Taluk though largest in extent, yet stands low in point of Revenue - Javangandere - halli hobli of the said Taluk yields at present a Revenue of only Rs. 7630 and it is therefore proposed to abolish this hobli and amalgamate it with Dharam-pur transferring however 5 villages of the former to the Kunjur hobli. As Dharampura will be in one corner of the amalgamated hobli it is proposed to designate it as Dhroor Hobli that village being likewise large and more central. — Cusba Kunjur Hobli as proposed will be 24 1 Square

miles in extent and the largest in the whole district but yet not too unwieldy to be managed by an active Shekdar. Revenue however will be only Rs 17404-.

5.- It is proposed to abolish Ramgiri hobli of the Kolalkera Taluk and distribute the villages between Kolalkera and Bagoor hoblies. Twelve villages of the Kolalkera hobli are proposed to be added to Baramannayakanadrug and two to Thalya.

6.- In the Davangera Taluk, 3 hoblies viz, Anaje, Kadadee and Kondajje are proposed to be abolished. Anaje will be amalgamated with Angôd. 24 villages of the present Kadadi hobli will be added to Davangera and the remaining villages to Mayakonda hobli. Though Davangera, as proposed, will be the largest hobli in the district in point of Revenue, yet it will be within a manageable

area viz, 141 Square miles -
Kondajje hobli having already
in this office Letter No 433/412
dated 13th December 1891, been
recommended to be abolished the
proposition has met with the
approval of Government, vide

No. Seems to be wrong
Vide ref. para 4.
Comp. no A
13.12.91
[illegible]

7. - In the Chitaldroog Taluk,
though no reduction is made in
the number of hobblies, yet a re-
-distribution is considered necessary.
Belagatta is proposed to form
the Head Quarters of a hobli
instead of Turavanoor as in the
redistribution of villages, the former
happens to be a more central place
So also is the case with the
present Bharamsagar hobli for
which Yalagod also a road-side
village is proposed to be made the Head
Quarters. Moreover, Bharamsagar
has lost its importance since
the opening of Gubbi-Arsikere
Railway line.

8. - Number of hobblies in the
Jagalur Taluk will remain the
same

may be called upon to pass
the required examination within
2 years, some exceptions being
however made in the case of
Shekdars of good and efficient
service who may find it in-
convenient owing to age and
other circumstances to undergo
the ordeal

I have the honor to be
Sir,
Your most obedient servant

Offg: Deputy Commissioner

(13)

No. 104.

Mysore Deputy Commr's Office
Dated Mysore 19th July 1893
18

From,

A. Rangasami Iyengar Esquire B.A. B.L
Deputy Commissioner

To

The Chief Secretary to the
Dewan of Mysore

Sir,

The Shaikdars are now as a class not very useful to the amildar. They are an inferior class of men, neither well up in accounts nor capable of making good Mundries. Being generally inefficient, they command very little respect at the hands of the Sharbogres and Potails and their influence with the people is almost nil. The result is that the amildars complain everywhere that they receive very little help from this class of officials.

2. This is due mainly to improper selection and abuse of patronage in former years to inferior men alone

Offering for this appointment owing to low salary paid especially to the lowest class of Shaikdars and to want of promotion - The treatment accorded to them, which is in a measure justified by their inferior qualifications and capacity, has also tended to make the service unpopular.

3. A good Shaikdar should be the right hand man of the Amildar. He should as a rule be not less able or efficient than the Head Mamlatdar or the Head Gumasta of the Taluk and next only to the Taluk Sheristadar in point of importance. He may also be permitted to issue demand notices and receive Durkhasts and submit them for the orders of the Amildar. This saves time in the collection of Revenue and the disposal of Durkhasts. His emoluments may accordingly be pitched much higher than they are now, the khoti being proportionately enlarged.

The Shaikdar's firka or range may consist according to its importance from 70 to 100 square miles with villages at a distance of not more than 10 or 11 miles from the Hobli Head Quarters - In Mysur however this maximum limit was exceeded in re-distribution in one or two hoblies as the villages are sparse and unimportant, and as it is difficult to find proper Hobli Kasbas. He should also be able to manage 15 to 20 Shanbogues or 30 to 50 villages according to their importance - The land revenue of the Hobli may range from 25 to 50 thousand Rs according as the villages are dry or wet.

4- It is indispensable that to discharge the duties efficiently, a Shaikdar should be able to ride and walk well and he should be required to maintain a pony. As we shall be able to reduce the number of hoblies under the arrangements proposed above, we shall be able without much

extra cost to pay a liberal salary.

5. I would recommend that there be 3 grades on Rs 30, 25 and 20. If this be considered too high there may be 2 grades on Rs 25 and 20. If it is found necessary for any reasons to keep one or two small hobbies in each Taluk, a few Shaikdars may be maintained on Rs 15 pay as a special case - It is very necessary that a separate horse allowance should be sanctioned as it is only then that they can be compelled to keep ponies. As the cost of keeping a pony varies in different parts in this Province, I would have 2 grades of horse allowance viz Rs 7 and Rs 10 according to the locality. For instance in towns and some of the Taluk Kasbas and most of the Malnad stations, the higher allowance will have to be sanctioned while in other places where grass can be had without any cost, the smaller allowance will suffice.

been prepared for each Taluk giving the necessary information - In doing so the hobblies of Hunsur and Heggadevenkote give some trouble as there is a difficulty in finding Kasba villages of sufficient importance centrally situated for some of the proposed hobblies -

8. I will not enter into the details of the division into hobblies of each Taluk as the particulars will be found explained in the memos^ statements for the respective Taluks. I may however state that the Taluks of the District Proper will consist of 40 hobblies — instead of 62 (including the devasthan hobblies which have been proposed to be abolished), which is the present number. The existing and proposed number of hobblies into which each Taluk is, proposed to be divided is shown in the annexed statements^ and maps. I would have 9 first class, 16 second class, 14 third class and 1 fourth class with 3

drawing horse allowance on Rs 10. and 37 on Rs 7. The total cost will be Rs 1254 per month or Rs 15048 per annum as against the present expenditure of Rs 9900. If the payment now made by the Chamarajnagar temple for the 2 devastan hobblies of 13 Rs per month be taken credit to Government on transfer of the work to Government Shaikdars, the actual expenditure will be Rs 14892. But this increase is not much when the general improvement in the Shaikdars' service and its efficiency is considered.

+ Pay Rs 965
allowance " 289
1254

9. I may however add that as it will be impossible to get rid of the present staff of incompetent men and find fully qualified men all at once for the higher grades of pay and for managing such large circles, some of the larger hobblies may be divided into 2 ranges managed

Hunsur Taluq

The total extent of the Taluq is about 630 Square miles. There are at present 10 hobblies in this Taluq. — Some of them are very small and are also too close to one another. The Taluq consisting of 371 Ashi and 323 Dakla villages both Government and Inam may be conveniently grouped into six hobblies. To the following distribution of villages is ~~proposed~~ —

Kirjapi hobly

Kirjapi is a village at a distance of one mile from Hunsur. It was the Head Quarters of the hobly formerly when there was no Taluq Cutchery at Hunsur. Since the establishment of the

the Taluq Cutchery, Hunsur has been the Head ——— Quarters of the Kirjaji hobly which may be called Hunsur Kasba hobly hereafter. To make this sufficiently large, a portion of the Chikkuda hobli on the western side, a greater portion of Gowdagere hobli on the northern side and a portion of Bilikere hobly may be added, a few villages being transferred to the proposed Arenahalli hobly. The villages that have thus to be transferred are shewn below

Taluk	Firka	Villages		Taluk	Firka	Villages	
		Asli	Dakla			Asli	Dakla
Gowdagere	Siriyur Nala	Siriyur Nala		Sidlaghatta	Maaur	Maaur	
	Gowdagere	Gowdagere			Hirikya-thanahally	Hirikyathanahally	
		Mamgamahalli				Chikkyathanahally	
		Jabgere					
		Hullihal					
	Chickadalavanahally	Chikkadalavanahalli					
		Kerenuru					
		Pinkyathenahalli					
		Manchibayanahalli					
		Undwaidi					
	Mulloor	Mulloor					
		Krishnapura					
		Heyjodlu					
		Machaboyanahalli					
		Attikuppe					
		Siriyur					
Bilikere Hobly	Coddoor Nala	Coddoor Nala					
	Thiplapur	Thiplapur					
		Summenahalli					
		Madapoor					
	Thammadahalli	Thammadahalli					
		Nagenahalli					
Chilkunda	Chilkunda	Chilkunda					
		Narinahalli					
		Attikuppe					
		Mootroyanahonda					
	Kallahalli	Kallahalli					
		Kottagala					
		Yamagumba					

Decrease from

Transfer to

2 Bilikere hobly

No change is needed except a few additions from your layout on the northern side and the transfer of Doddoor nala to Hunsur. The subjoined statement shows the villages to be transferred from and to Bilikere hobly.

Receive from				Transfer to			
Hobli	Firka	Villages		Hobli	Firka	Villages	
		Asli	Dakla			Asli	Dakla
Gowdagere	Hunsenpur-nala	Hunsenpur-nala		Kasba	Doddoor nala	Doddoor-nala	
	Hunsenpur	Hunsenpur					
		Agrahalli					
		Rangiankoppal					
		Lakkoor					
		Kempanahalli					
		Bolanahalli					
		Harohalli					
		Gerasana-halli					

3. Heggandoor hobly

This hobli may be retained transferring to Periyapatam and Kasba hoblies Some of the villages which lie between Chikkunda and Hunsur and the villages to the north of Cananore road. Hanagode which is more central than Heggandoor may be made the Head Quarters and the hobly called after the name of that village.

Receive from				Transfer to			
Hobli	Firka	Villages		Hobli	Firka	Villages	
		Asli	Dakla			Asli	Dakla
Periyapatam		Ittagalli (Kayam Gutta)		Kasba	Thiplapur	Thiplapur	
						Sunnenahalli	
						Madapoor	
					Hanumadahalli only 2	Hanumadahalli	
						Nafanahalli	
				Periyapatam	Kanagal	Kanagal	
						Halaganahalli	
						Wodli Hanumanahalli	

4 Kaggundi Hobly

The villages of this hobly are at a distance of not more than 8 or 9 miles from Periyapatam and Kaggundi itself is within a distance of 3 miles from Periyapatam. So there seems to be no necessity to retain this hobly. This may be abolished and amalgamated with Periyapatam

5 Periyapatam hobly

This is an important place and needs to be retained and the villages proposed to be added to this to make it sufficiently large are given below:—

Received from				Transfer to			
Hobli	Firka	Villages		Hobli	Firka	Villages	
		Asli	Dakla			Asli	Dakla
Kasaba Hobli	8 Firkas	45 Villages		Arenahally (Bettadapoor)	..	Javanikuppe (Surva Iriam)	
	The whole of the hobli except 7 villages transferred to Bettadapoor and Arenahalli hoblies.						
	Byalakuppe	Byalakuppe		Harnagode (Bettadapoor)	Kilgod	Muddanahalli	
		Giragoor				Chowkuru	
		Dod Hosur			Satyagal	Doltinahalli	
Harnahalli		Arli Kumari				Alaloor	
		Nugapura				Malangi	
		Kilaspura				Satyagala	
		Gobra Hosa-halli				Allbalati	
					Tatanahalli	Halasooru	
Bettadapur	Kamagal	Kamagal				Punchavalli	
		Kulagamahalli				Bekya	
		Wodli Maangan-halli					

6 Harnahalli Hobli

The villages of this hobli are within 9 miles from Bettadapur. Some of the villages have been proposed to be added to Periyapatam. Hence this hobli may be very well amalgamated with Bettadapoor hobly.

7 Bettadapoor hobly.

Bettadapoor is a place of im-portance

importance and the road from Periyapatam to ___ Arakalgud passes through it. It should therefore be retained with additions of villages from Narnahally. This makes the hobli one of a decent size. The villages that are to be added are given in the subjoined Statement and some villages of Beltadapoor hobly have to be transferred to the proposed Arenahally hobly:—

Receive from				Transfer to			
Hobli	Firka	Villages		Hobli	Firka	Villages	
		Asli	Dakle			Asli	Dakle
Narnahally	5 Firkas	*37 Villages	23	Arenahally	Settihalli	Settihalli	
	Manadahalli	Hosahalli				Nilangla	
	Kanoor	Kanoor				Nandipura	
		Komalapur				Barse	
		Billahalli			Mardoor	Maradoor	
						Malur	
						Attigode	
						Chekkanalali (Jodi)	

* Excepting the 7 villages transferred to Periyapatam Hobli.

8 & 9 Chilkunda and Ravandoor hobles

These are small ones. The villages of both the hobles may be grouped together and formed into one hobli with some additions from Bettada pur hobli and some of the villages of Chilkunda hobli being transferred to Kasba hobli, Arsikere which is a populous and is a central village may be made the Head Quarters of the hobli:-

Receive from				
Hobli	Firka	Villages		
		Asli	Dakla	
Ravandoor	4 Firkas	12 Villages		
—	The whole hobli			
Chilkunda	4 Firkas	14 Villages		
—	do	except 7 Villages	transferred to Kasba hobly	
Kasba		Tiruga S.D.		
—		Doddbyalalu S.D.		
—		Chikbyalalu S.D.		
Permanent Bettadapur		Javanikuppe S.D.		
—		Chikmalatur Jodi		
—	Settihalli	Settihalli		
—		Nilanjala		
—		Vandipura		
—	Maradoor	Barse		
—		Maradoor		
—		Metur		
—		Attisode		

10 Gowdagere hobli

The hobli being very small and the villages also being at a short distance from Hunsur may be abolished and the villages distributed between Hunsur and Bilikere hoblies.

The statement showing the details of the present and the proposed hoblies is attached —

D.C. Commissioner
Mysore District

Compd.
MKS

hobly the villages of which are close Kagalwadi may be added. Portions of Aloor and Kasba and other hoblies also may be added as shown below:-

Receive from.				Transferred to.			
Hobli.	Firka	Villages		Hobli	Firka	Villages	
		Asli	Dakla.			Asli	Dakla

		Malledevanabally					
	Hondrabalu	Hondrabalu					
	Nalloor	Nalloor					

3 and 4. Aloor and Honganur.

Aloor Hobly - The villages of this hobly are very near to Chamarajanagar and Kagalwadi. So they may be added to Kasba and Kagalwadi hoblies as shown above. Honganoor hobly. The villages of this hobly may be added to Kagalwadi for reasons given above against Kagalwadi hobly.

Hardanahally Hobli.

This hobly may be retained with addition of some villages from Kottal-wadi and transferring some of the villages and a portion of the Forest to other hoblies Hardanahalli the Head Quarters of the hobli is at present situated on the Northern part of the hobli. Venkatarayana chattra which is lower down in somewhat convenient position may be made the Head Quarters of the hobly - and the hobly also called by that name. The villages that are to be added to this hobly and transferred to other hoblies are given in the Statement below.

Receive from				Transfer to			
Hobli	Firka	Villages		Hobli	Firka	Villages

		Karikya-tanapura					
	Mudna	Mudna					
	Hosahally	Hosahally					
Gundlepet		Sindarapura					
Taluk		Linganapura					

6. Kottalwadi Hobly.

Most of the villages of this Hobly have been proposed to be added to Hardanahally (proposed

(proposed Venkatinpura Chatra) hobli to make that sufficiently large hobli for the sheikdar of that hobly. The re-maining villages may be added to Uyamballi (proposed Udigal) hobly and the hobly abolished. The villages to be added to Udigal are noted against that hobly below.

7. Uyamballi Hobli.

This hobly to be retained with the following distribution of the villages. Uyamballi, the present Head Quarters of the hobly is out of the way. Udigal which is more central, and is also on the road from Chamarajanagar to Gundal and has a Police station, may be made the Head Quarters of the hobly and the hobly called after that name.

—	Hiralipur	Hiralipur		—	—	—		

8. Badarpur Hobly.

This hobli consists of only 6 villages. There seems no necessity to retain this hobly and has been proposed to be amalgamated in Kasba Hobli.

9. Ummathur Hobli is also very small consisting of only 8 villages, may be abolished and amalgamated in Santi Marahalli hobly.

10. Santi marahalli hobly.

The Head Quarters of this Hobli is an important place owing to the large fair held there. The village is on the road from Bhamarajanagar to T. Narsipur. So this hobly to be retained and may be made sufficiently large with the following changes:—

Receive from				Transfer to			
Hobli	Firka	Villages		Hobli	Firka.	Villages	
		Asli	Dalla			Asli	Dalla
Ummathur	The whole except			Kasba	Kasloor	Kastoor

Yedabore Taluk

This Taluk 234 Square miles in area, Consists of 180 Asli, and 83 Dakla villages, both Government and Inam. It is at present divided into 7 hoblies which are very small. The Taluk may be Conveniently divided into 5 hoblies, with the following distribution of Villages.

Yedabore Hasba hobly

The Villages on the South Eastern Side of the hobly being transferred to Dippoor hobly, many of the Villages of Byderahalli hobly which are at a distance of not more than 6 miles from yedabore may be added, the Sheikdar of yedabore Can Conveniently inspect those villages as he has now to go to all those villages for collection of Revenue &c since the ryots of those villages hold lands

below the Ramasamudram Kasba attached to Kasba hobli. The proposed distribution of Villages are as shewn in the subjoined Statement.

Receive from				Transfer to			
Hobly	Ferka	Villages Asli	Dakhla	Hobly	Ferka	Villages Asli	Dakhla
Byadarhally	Byderhalli	1 Byderahalli	1		Lalnahalli	1 Lalnahalli	
		2 Adaganahalli	2			2 Lalandevan halli	
		3 Buvanahalli	0			3 Bellulli	
		4 Madevanahalli	2		Chowkalli	4 Chowkalli	
	Hebal	5 Hebbal	2			5 Basavapatna

(6) Elwal. The villages of this hobly are all situated towards the South of the hobly Head Quarters which is in the Northern corner of the hobly. To make the hobli Head Quarters more central and the hobly itself sufficiently large

Large all the villages of ~
Arandoor hobli may be
added to it as those villages
are not at a very great
distance from Elvall.

Receive from				Transfer to

Arandoor Lingambudhi	Kergalli.	Kergalli.	4		—	Mallahalli. K.G.	

7. Arandoor. This hobly
may be abolished as it is
very small.
8. Lingambudhi hobli is
at present only a strip
situated between Elval
on one side and Lupore
on the other side. The villages
of this hobly may be con-
-veniently added to Elval
and Lupore hoblies ~~according~~
~~above~~ against those hoblies
and

T. Narsipoor Taluk

The total area of the Taluk is about 194 Square miles - There are 138 Asli and 99 Dakala villages both Government and Inam - The Taluk is now divided into 7 hoblies - Some of these are very small the Taluk can conveniently be divided into 5 hoblies -

1. T. Narsipoor Kasba hobli

The area of this hobly is about 43 miles - This can be enlarged by adding the villages of Mugoor hobly which is very small and contains only very few villages Even then the area will be 52 miles Some of the villages may be transferred to Talakad hobly - The Villages that are to be transferred to Talakad Rangasamudra hobly are shewn below -

Receive from				Transfer to			
		Villages				Villages	
Hobly	Tirka	Asli	Dakla	Hobly	Tirka	Asli	Dakla
The whole of Mysoor Except Kaumagal & Kempenpura to be transferred to C. Nagar Taluk Sayoor Hobly Nanjangode Taluk	6	6 Villages	4	Bilegere Nanjangode Taluk	Danaikan-pur	Kahalli Harupura Bannahi	
	Sayoor	Sayoor	2	Talakad	Totwadi Dodpura Maranpura Madapura Rangasamudra	Totwadi Dodpura Maranpura Madapura Maradpur Terumakudalu	1 3 2 2

2 Mysoor Hobly

For reasons stated above this hobly may be amalgamated in Kasba hobly two of the villages noted below being transferred to Chamarajnagar Taluk

S. T. Kempanpur
Jodi Kaumagala.

3 Rangasamudra hobly

Though this hobly is also small no change can be made in this as the revenues both to the East and South of the present hobly, but Terumakudalu which lies on the northern side of the river and belongs to Kasba hobly may be transferred to Rangasamudra hobly

hobly.

4 and 5 Bannoor & Bevinahalli hoblies. The total area of both these hoblies is about 20 miles and the villages are also very close to one another. Bevinahalli may be very well abolished and the villages transferred to Bannoor hobly & D.

Chinali which is in malavalli Taluk boundary & belongs to Bevinahalli hobli may be transferred to that Taluk and Bevinahalli to Sosale hobly as shewn below.

Transferred to, from Bevinahalli hobly			
		Villages	
Hobly	Firka	Asli	Dakalo
Malavalli Taluk	Survey Inam	1 Chennali	1
Rangasamudra	1 Bevinahalli	2 Bevinahalli	

6. Sosalay Hobly

This hobly may be retained as it is with the following additions and transfers of villages

	Receive from			Transfer To			
		Villages				Villages	
Hobly	Firka	Asli	Dakli	Hobly	Firka	Asli	Dakli
Bevinahalli	Bevinahally	Bevinahally		Talakad	Muttal-vadi	Akkoor Chandahalli	1

7 Talakad hobly

There are very few villages in this hobly. To make this conveniently large some villages may be added from Kasaba and Sosalay hoblies as noted above against these hoblies and Madavadi in this hobli may be transferred to Malvalli taluq. The Comparative Statement of the present and the proposal hoblies are herewith submitted.

405 Kampoor & Madanur hoblies are on the other side of the river Kupila, i.e, on the northern side. Both these hoblies are small and may be added together and formed into one hobly to be called Chickgana chatra hobli and Chickganchatra

which will be the central village may be made the Head quarters of the hobly Chickyauchatra & Kulwal village which belong now to Kusaba hobli and on the other side of the river may be added to Chickyauchatra hobli

b. Jayoor Hobli may remain as at present but with few changes as shewn below. Jayoor which is the Head Quarters of the hobli is in a corner and very near to I. Narsipur. The Shanbogue of Jayoor has another village in I. Narsipur Taluk and has to attend to both the Taluks but I. Narsipur is nearer to him. In 1888, on the representation of the Shanbogue praying for the transfer of the village to I. Narsipur Taluk. The Govt have ordered that the Dy Commr would consider the matter and report about it during the Survey Settlement or during the changes of Hoblis. Jayoor is close to I. Narsipur and may be transferred to that Taluk.

No. 87 dated 29th September 1888. (vide Rev. Book. Part 2. Abstract Page 10).

C. Nagar Taluk	Aldur S.I.	Aldur					
Immamtoor	Nanjanpur S.I.	Nanjanpur					

Biligere where there is a police station and is also more central may be made the H.Q. Quarters of the hobli and the hobly called after that name.

7.8.29 Dasanoor & Devanoor hoblies are very small and the villages are also close to one another. The villages of Hedatale hobly are close to Nanjangud & Devanoor. There seems no necessity to retain these 3 hoblies. These hoblies may therefore be added together and formed into one hobly transferring some villages to Nanjangoode Kasba from Hedatale Hobli. The hobly that will thus be formed may be called Kowlandee hobli and this village which is on the road and has also a Police station, may be made the

Head Lunders of the hobly. The villages that have to be transferred from Heritole to Kusba hobli are those noted above against the Kusba hobly.

The comparative statement shewing the details of the present and the proposed hoblies is herewith submitted.

Yours obedt

Offg. Deputy Commissioner
Mysore District

Compd.
mis

Heggeddavenkotta Talook

The are of this Talook is about 571 Square miles, of which about 170 Square miles are of State and District Forests as also of Amrut Mahal Kavuls - The Talook is now divided into 5 hoblies, Some of which are of irregular shape and Cannot Conveniently be formed into hoblies of decent Size, owing to the river running across the Talook. The present hoblies may therefore remain as they are, with slight changes as noted below

2. Alalahully 2. Channapundi
3. Murbokanapoora and
4 - Chowdahully of Nemmana hully hobly which are in the midst of the Villages of Sarajoor hobli may be added to this hobli

3. Jinhully the head quarters of this hobli is Situated in a Corner of the hobly, not convenient for Communication

It is therefore proposed to transfer the Hobli Head quarters to Hampoor which is on the high road and has a Police Station also and the hobly Called after that Name. The Swara Inam Villages of Muddoor and Kullahully at present in Nanjengode Talook, being

being situated in the midst of the villages of Ramapoor proposed hobli may be added to this hobli.

A statement of the present and proposed ~~hobli~~ hoblies with the above changes is herewith submitted.

Asst Deputy Commr
Mysore District

Allepie Dy Comm's Office
Dated Allepie 10th August/9

From,

K. Mahammad Ali Esquire
Asst Dy Commissioner

To

The Chief Secretary to the
Diwan of Allepie

Sir,

In continuation of this Office letter no 104 (13) of 1st instant on the subject of improving the Sheikdar's service in Allepie, I have the honor to submit herewith French Rocks Sub Division Officer's report no 1163 dated 17th ultimo, with its enclosures, submitting proposals in connection with the scheme as regards the Taluks of the Sub Division - These proposals are, it is submitted, in accordance with the principles adopted for the District Proper.

2. From the report it will be seen that the Taluks of the Sub Division will consist of 29 hobblis instead of

41 as at present and there would be 14 first class, 15 second class Sheik-dars, with 5 drawing 1st class allowance, and 24, 2d class allowance. The total cost will be Rs 1013 per month or Rs 12,156 per annum as against Rs 7320. There will be no savings as per correction made in the above report.

x Pay - allowance
795 — 218

3. In summarizing the results of the proposals, I beg to mention here that the Talaks of the Alipore District including the French Rocks Sub Division, will consist of 69 hobblies instead of 102, and there would be 23 first class, 31 second class, 14 third class, and 1, fourth class Sheik-dars with 8 drawing horse allowance at Rs 10, and 69 at Rs 7. The total cost for the whole district will be Rs 2267 per month or Rs 27,204 per annum as against the present expenditure of Rs 17220.

I have the honor to be
Sir
Your Most obedt Servant

Enclosure in No (14) 1893

To

The Deputy Commissioner
Mysore Dist

Sir:-

With reference to your docket No: 463 dated 3rd February 1893 calling for the revised report regarding the Secondari scheme, I have the honor to submit herewith the maps and statements of the marginally noted 4 Taluks receiving the Scales as proposed by the Deputy Commissioner and further to state that no alterations are needed in the Krishnarajpet

Taluk.

2. The total number of Hoblies in the 5 Taluks of the Sub-Division were 41 before, as now proposed there will be 29 as follows:-

	Present	Proposed
1 Channapatna —	11	7
2 Maddur ———	12 —	7
3 Malvalli ———	7 —	4
4 Nagamangla —	5 —	5
5 Krishnarajpett —	6 —	6.
Total	41	29.

3. In redistributing the villages care has been taken not to split up any of the Shanbhogue's Firkas as far as possible but in some cases it has been found necessary to transfer

some of the villages to
the adjoining Kabli'an
the score of distance
between the Kabli Kash
&c - The Shanbhogue
can have no reason
to complain of this
as their Potagi will
in no way be affecte
by it.

4 To avoid confusion
the Dharba villages
are omitted to be
shown in the maps
but these are all
given in the respec
-tive statements -
herewith submitted

5 The subjoined state
-ment shows the
total number of
Shrikars of the diff
-erent grades which

wish at present and

that now proposed;

	Present 1st	2nd	3rd	Pay.	Proposed 1st	2nd	Pay.
Sennyapalam	2	6	2	150	4	3	~~125~~ 195
Mandyar	3	4	2	185	~~5~~ 4	~~4~~ 3	~~120~~ 95
Malvally	1	3	3	95	2	2	~~90~~ 180
Nagamangla	1	4	0	80	2	3	~~105~~ 135
Kushnagpet.	2	4	0	100	2	4	~~100~~ 160
Total	9	24	7	610	~~13~~ 14.	16 15.	~~520~~ 795

N.B. The Mandyar who is virtually the Sheristadar of Sennyapalam gets no pay but only enjoys Inam lands

6. The total savings in the pay of Sheristadars as now proposed amounts to ~~Rs~~ 90/-

7. The boundaries of the present and proposed Hobles are distinguished in the

Regions in the State are

	1st	2d	Mal
Sennyn	4	3	7
Mandyn	3	4	7
Malvally	2	2	4
Nagamang	2	3	5
Khete	2	4	6
